Breeze Airways Expands at Bradley International Airport with Six New Nonstops to Start this Summer

Windsor Locks, CONN. – March 8, 2022 – The Connecticut Airport Authority is pleased to announce that Breeze Airways is expanding at Bradley International Airport. The airline will be adding six new nonstop destinations from the airport, which now serves as the airline’s fifth base of operations in the U.S.

The new destinations include Nashville, TN; Akron/Canton, OH; Savannah, GA; Richmond, VA; Jacksonville, FL; and Sarasota/Bradenton, FL.

“As both a Board Member and Connecticut resident, I’m doubly happy to be at Bradley International today to announce six new nonstops from Hartford, bringing Breeze’s total destinations served from here to ten,” said Trey Urbahn, Breeze Airways Board Member. “The expansion is a result of the warm welcome we’ve received in Connecticut. Keep flying us and we’ll keep adding more and more flights.”

“We welcome Breeze’s significant expansion at Bradley International Airport and the benefits it will bring to our community,” said Kevin A. Dillon, A.A.E., Executive Director of the Connecticut Airport Authority. “The six new destinations are a major addition to our route network, supporting continued and strategic growth at Bradley International Airport. We are very pleased to partner with Breeze as they continue to increase their national presence and to offer our passengers added travel options with the introduction of these exciting destinations.”

The new routes will commence operations in June 2022, with the inaugural flights to Nashville, TN; Akron/Canton, OH; Savannah, GA; Richmond, VA and Jacksonville, FL scheduled to start on June 3rd, and flights to Sarasota/Bradenton, FL to commence on June 4th.

-more-

The new routes will be operated with Breeze's fleet of brand-new Airbus A220s, except for the Bradley International Airport to Richmond flights. Other than Nashville, all the destinations are brand new routes to Bradley International Airport.

The airline currently operates nonstop service from Bradley International Airport to Columbus, OH; Norfolk, VA; Pittsburgh, PA; and Charleston, SC. In total, Breeze Airways will be offering low-cost, nonstop flights to ten destinations. All flights are on sale at www.flybreeze.com and the Breeze app.

Breeze Airways launched at Bradley International Airport in May 2021. Nine months later, the airline has chosen the airport to become one of its operational bases, with plans to create more local jobs and expand nonstop services.

Among its hallmark offerings, Breeze Airways is committed to low fares with booking flexibility that includes no change or cancellation fees for flights changed or cancelled up to 15 minutes before scheduled departure.

Headquartered in Salt Lake City, Breeze Airways was founded by David Neeleman and is his fifth airline start-up, after JetBlue, Brazil's Azul, Canada's WestJet, and Utah-based Morris Air, which was later purchased by Southwest Airlines.

About Breeze Airways

Founded by aviation entrepreneur David Neeleman, Breeze Airways is a new low cost airline offering point-to-point flights from smaller secondary airports, bypassing hubs for shorter travel times. Breeze's team is a group of aviation experts and fanatics, working day and night to build a 'Seriously Nice' airline. Breeze's mission is to make the world of travel simple, affordable and convenient, using technology, ingenuity and kindness to improve the travel experience.

About Bradley International Airport

Bradley International Airport (BDL) invites you to "Journey On" and once again experience the convenience of traveling at New England's second-largest airport. Recognized nationally by leading travel publications for its ease of travel, Bradley International Airport is ready to welcome you with new nonstops, expanded services and accredited COVID-19 safety measures. The award-winning airport is operated by the Connecticut Airport Authority, and its operations are entirely self-funded. The airport contributes nearly \$3.6 billion to the regional economy. For more info, visit www.flyBDL.org.

About The Connecticut Airport Authority

The CAA was established in 2011 to develop, improve, and operate Bradley International Airport and the state's five general aviation airports (Danielson, Groton-New London, Hartford-Brainard, Waterbury-Oxford, and Windham). The CAA Board consists of 11 members with a broad spectrum of experience in aviation-related and other industries, as well as government. The goal of the CAA is to make Connecticut's airports more attractive to new airlines, bring in new routes, and support Connecticut's overall economic development and growth strategy.
